The Costa Verde Express lounges are elegant and evocative spaces in which to enjoy **breakfast, lunch, or dinner**, to have a drink, or to chat with your fellow travellers.

In these common areas, breakfast, lunch, and dinner prepared by our chef are served daily. The bar car remains open from first thing in the morning until the early hours. **In the pub car, parties, music, or live performances** are offered every evening.

LIFE ON BOARD

Imagine a luxury train where you can enjoy and relax for six days and five nights, making it your lounge, your transport, your meeting place, your restaurant, your bedroom, or your dance floor. A place where each day you will wake up in a different location with unique landscapes, all viewed from the comfort of your cabin or from any of our evocative lounges.

During the day, whilst we are on our excursions, we recommend comfortable clothing and footwear. In the evening, you may opt for more formal attire.

After dinner, you can enjoy an evening of leisure. Each night there are live performances or dancing on board. You may also choose to have a more relaxed drink in another of the lounge cars, go for a stroll in the town where we are stationed, or retire earlier to the privacy of your cabin.

To facilitate rest, once the day's activities have concluded, the train remains stationary at the station overnight.

A journey on the Costa Verde Express is also a tour of the finest gastronomy of Galicia, Asturias, Cantabria, and the Basque Country, renowned worldwide for the quality of its professionals and its raw ingredients.

The exquisite buffet at our breakfasts is complemented by the personalised attention of our waiters. Local specialities are featured throughout the journey, ensuring each day begins in a different and original way at the table, too.

For lunches and dinners, dining on board in the train's elegant lounges is alternated with a selection of the finest restaurants. An appetising culinary proposal, complemented by the finest wines from the Denominations of Origin of northern Spain.

The entire crew of the Costa Verde Express is at your disposal twenty-four hours a day, trained to offer personalised service in several languages. The team is led by an Expedition Leader, who will be at the helm of this rail cruise, guaranteeing a service of the highest quality both on and off the train.
